

LED Dimmer with RF remote control

VM152

Ideal for use with [LED strips](http://www.velleman.be/be/en/product/list/?id=373414)
See:
<http://www.velleman.be/be/en/product/list/?id=373414>

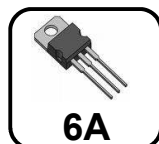

Also suited for incandescent lamps

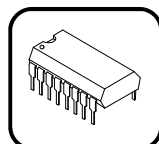

Automated Slow on / slow off effect mode selectable

Learn up to 16 remotes

Hi power MOSFET output

Memory for last selected function

Option:
Extra remote: VM130T

Technical:
Power supply: 12-24VDC
Max load: 6A
LED PWM freq: +/- 300Hz
On-board operation is possible
Dimensions: approx 80x70x23mm

Remote:
433.92 MHz operation
R&TTE compliant (ETS 300-220)
Bat: 12V (GP23GA/V23GA) incl.
Dim: 63 x 40 x 16mm (2.5" x 1.6" x 0.6")

NOT FOR U.S.
